

Los Angeles County Perinatal and Early Childhood Home Visitation Consortium (LACPECHVC)

2016 Workgroup Accomplishments

Referrals Workgroup

- Completed the online Resource Directory of home visiting programs in LA County, designed to help direct service providers find the best home visiting program(s) to meet their clients' needs: <http://homevisitingla.org/resources-for-service-providers/>.
- Created a “cheat sheet” of LA County home visiting programs' eligibility requirements: <http://homevisitingla.org/resources-for-service-providers/>.
- Finalized a survey for home visitors across programs to understand the barriers they encounter in referring families to ancillary resources (to be administered January 2017).

Best Practices Workgroup

- Created the categorized, searchable online Training Directory with over 400 trainings available to home visitors in LA County: <http://homevisitingla.org/trainingresources/>.
- Launched an online “training collaboration request form,” to encourage and facilitate collaboration on hosting trainings across home visiting programs: <http://homevisitingla.org/trainingresources/submit-a-training-collaboration-request/>.
- Finalized LACPECHVC's Best Practice Recommendations for home visiting programs (approval at January 2017 membership meeting).

Data Workgroup

- Created the LACPECHVC outcome indicators for shared measurement across LA County home visiting programs, based on a review of other national and state home visiting and health care measures.
- Researched and compiled data on home visiting programs' current capacity and populations in need of home visiting in LA County. Created a draft visual representing unmet need for home visiting services in LA County.

Advocacy Workgroup

- Held educational meetings with three LA County Supervisors' offices to discuss the Consortium and home visiting in LA: Supervisor Sheila Kuehl, Supervisor Hilda Solis, and Supervisor Ridley-Thomas.
- Completed a draft “funding forecast,” detailing annual funding amounts and sources for all home visiting programs in LA County.
- Developed a Consortium “identity statement,” elevator pitches, and Talking Points for two different advocacy audiences (policymakers & funders, and health plans & hospitals).
- Drafted shared Advocacy Guidelines detailing LACPECHVC protocols for public policy advocacy.
